Welcome to Protection For Contracting and Design

•PSC established in 1995, with a very limited starting capital, Now we are proudly classified as a leader company in industrial and commercial constructions field in Egypt.

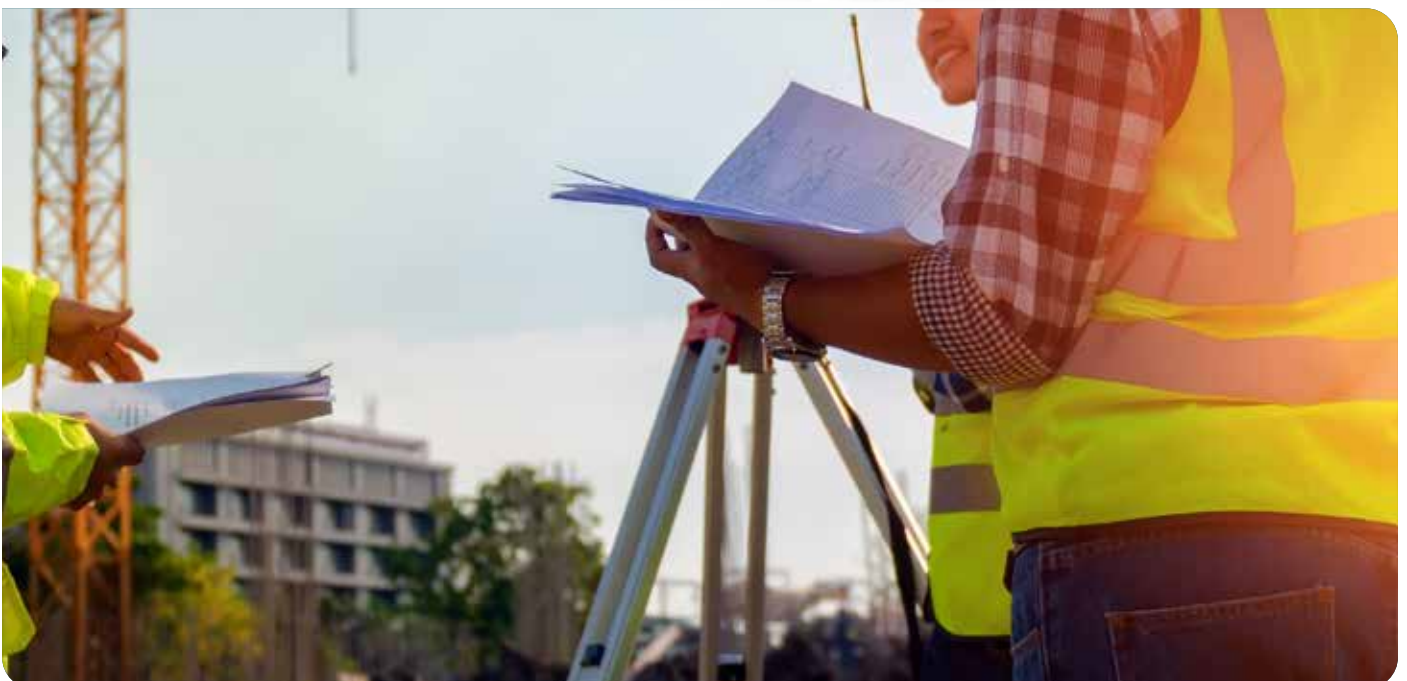

•PSC specialized in delivering high quality industrial buildings, as our clients grow to be satisfied and classified as a first grade company [grade (A)] according to “the Egyptian federation for construction and buildings contractors”.

•PSC clients are big reputable Firms in the local market. Protection is the mother company of the group ,It is a turnkey contractor for industrial and commercial buildings as it has different departments (Civil, Architecture, Electromechanical and Strong authorized design department which supports our clients demands).

- Civil
- Architecture
- Electromechanical

PSC Has a very strong H.S.E Department That assures achieving our **Goals**.

OUR VISION

To remain the leading provider of quality construction and engineering services in the Local Market And to reach the Global markets with our quality

OUR MISSION

To form long-term relationships of value with our clients and partners by using quality construction and engineering solutions and employing the best resources and latest techniques by safely deliver any project, any time, in any environment for the benefit of our customers, employees and the community we serve.

QUALITY MANAGEMENT SYSTEM

PSC GROUP ensure that only knowledgeable, capable employees carry out the planning, execution and control of our projects as below:

- Identify employees' qualification requirements, including licensing requirements, training qualifications, responsibilities, and authority of each job position.
- Train field employees on quality standards and procedures of their job positions.
- Validate employees' capabilities before they are assigned to carry out quality job responsibilities.
- Review ongoing employees' qualifications and evaluate quality practices and performance as part of the employee performance management process.

PSC was qualified to be certified by ISO (9001:2015).

ENVIRONMENTAL MANAGEMENT SYSTEM

- PSC Group gives great importance to preserving and upgrading the environment components and preventing their deterioration or pollution.
- PSC committed to submitting various studies to assess the environmental impact of the facility or project to all authorities according to the elements, designs, and principles issued by the environmental Affairs Agency.

PSC was qualified to be certified by ISO (14001:2015).

OCCUPATIONAL HEALTH & SAFETY MANAGEMENT SYSTEM

- PSC GROUP Ensures a safe and healthy environment for its employees & contractors. Also the wider public is our top priority in which we maintain a continuous improvement culture where health, safety and environment requirements are integrated into the business policy, philosophy and procedures. We set targets and objectives, by monitoring our performance through key point indicators (KPIs), audit and inspection to ensure compliance.
- PSC is keen to acquaint its staff that possess the highest level of education, experience and skills. Also, provide them with continual training to assure leverage team efficiency in all principles by all the above,

PSC was qualified to be certified by ISO (45001:2018).

CHAIRMAN MESSAGE

*Ahmed
Hussien*

PSC has passed through a long route of success.

The challenging journey starts from 1995 and continues till now.

And we are committed to provide high quality works, on time and within budget, that's why, our clients base, continues to grow larger. We are proud to possess great skills, resources and expertise when it comes

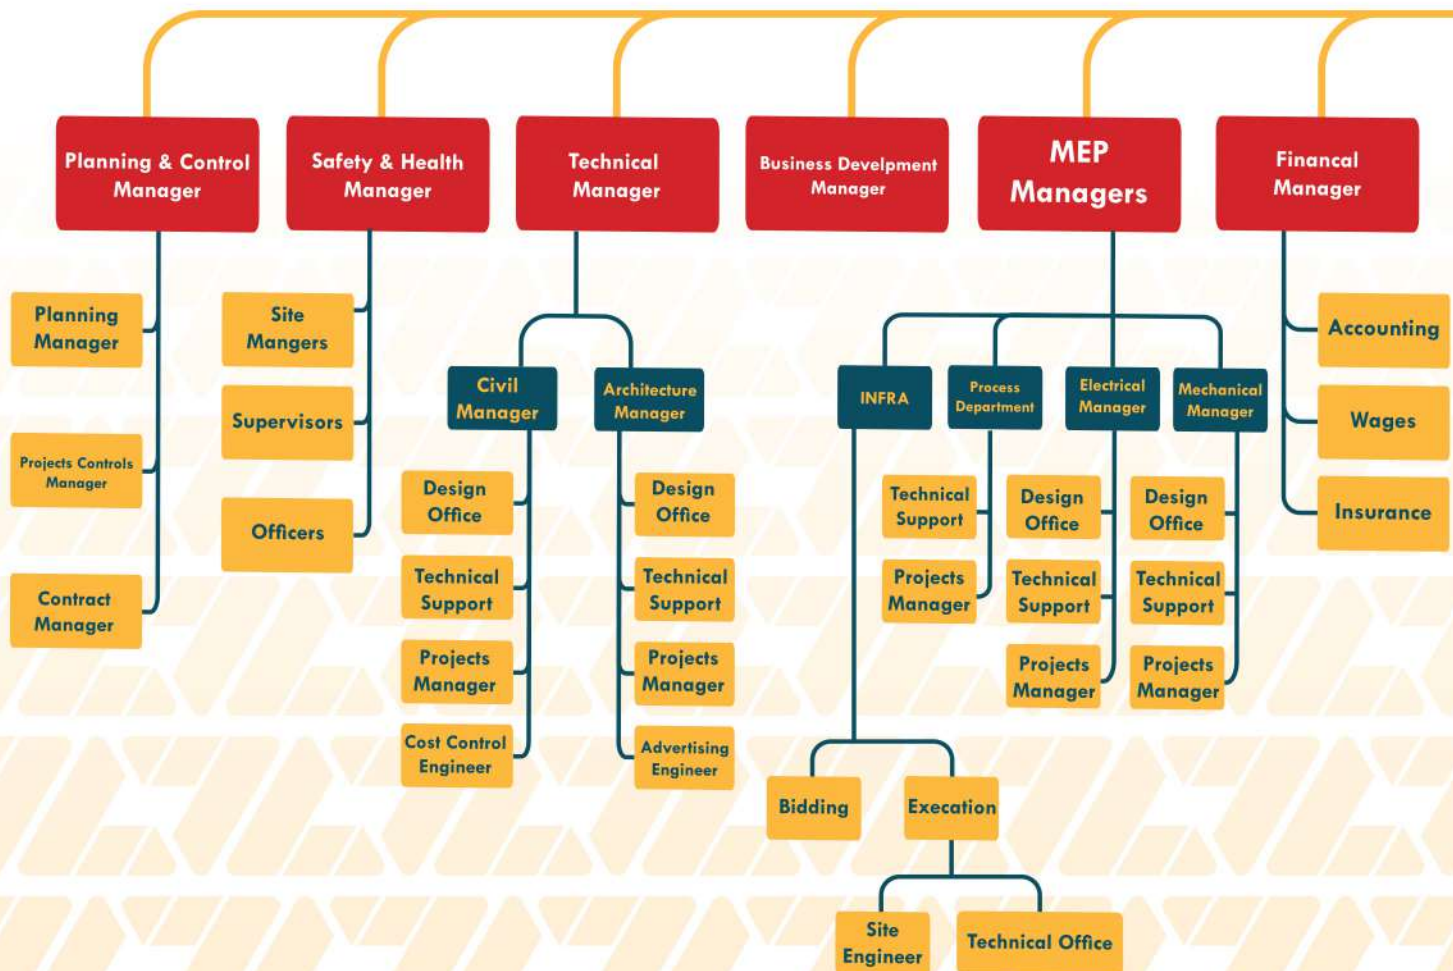

to industrial and commercial buildings.

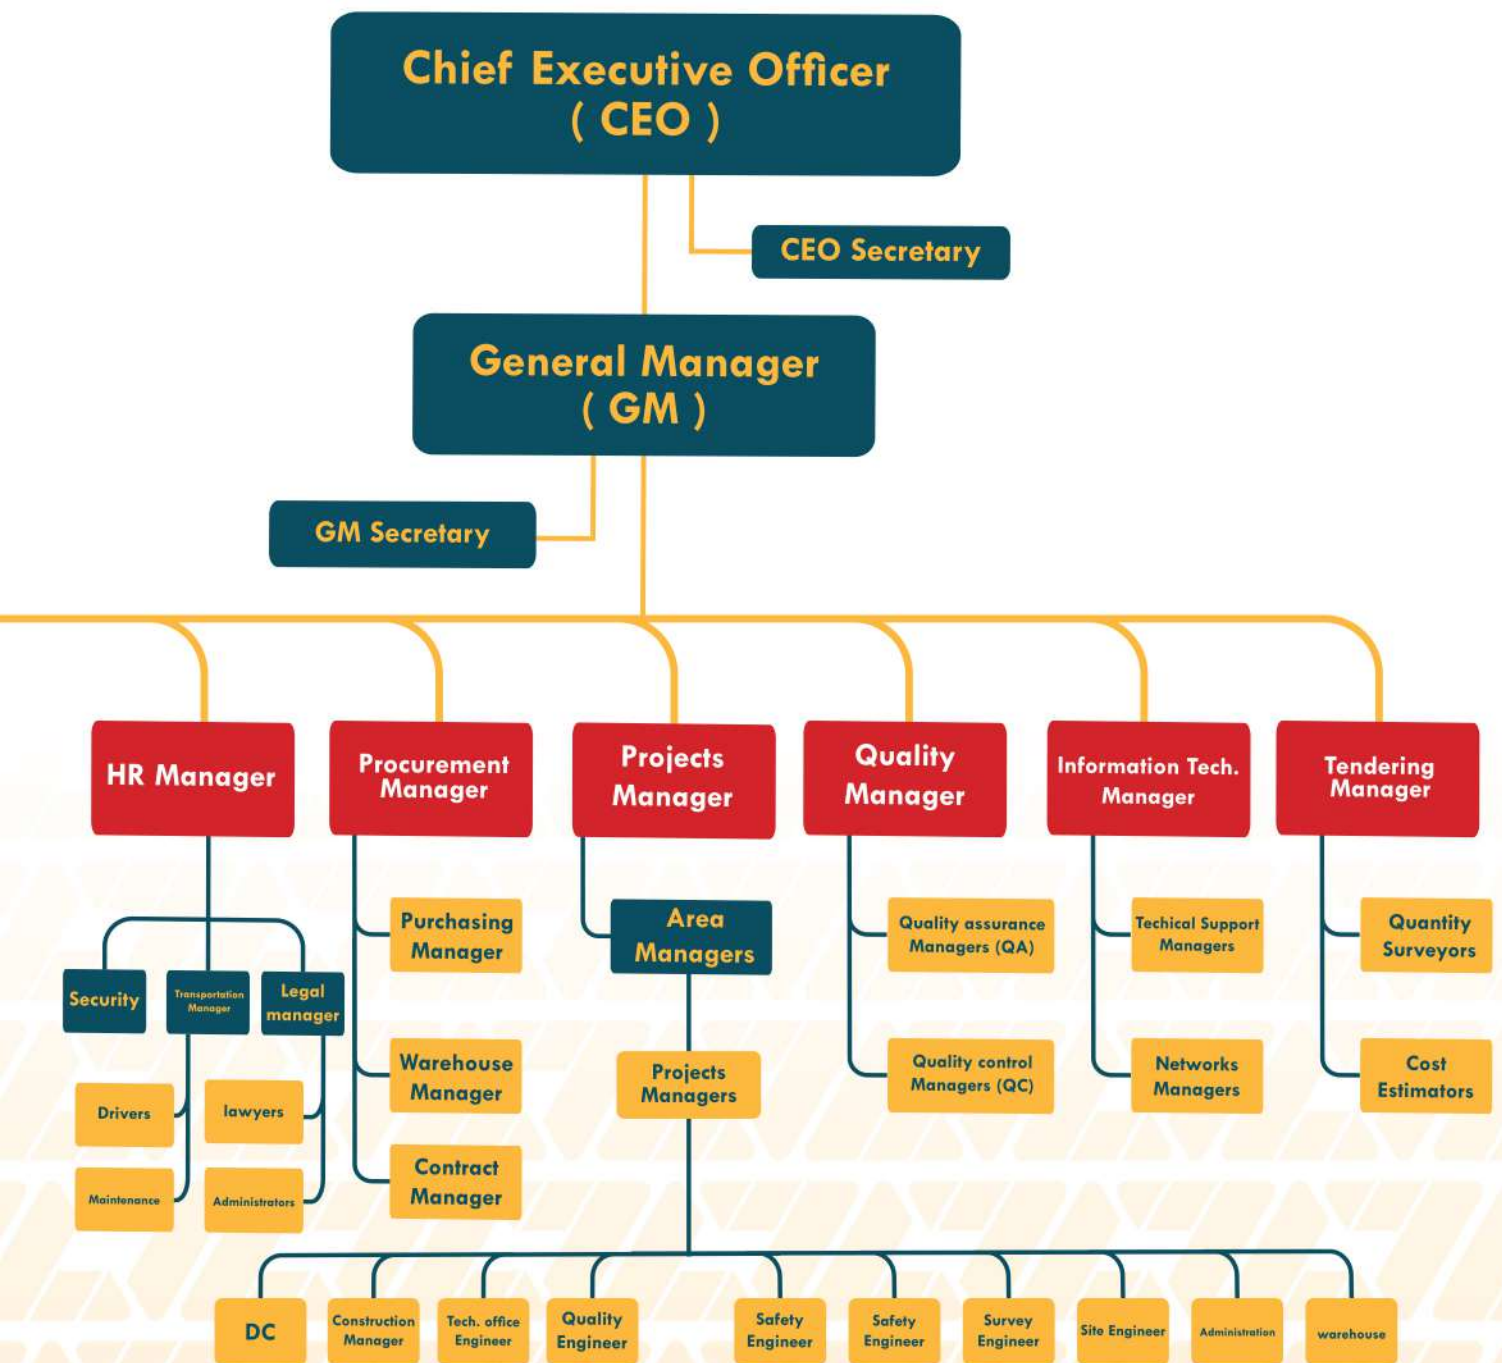

During our journey we have maintained to work with high quality standards by which we awarded the certificate of quality management system (ISO9001:2015) and the certificate of occupational health and safety management system (ISO45001:2018), and Environmental systems (ISO14001:2015).

Eng. Ahmed Hussien
